Jo Thomas draws you in on the very first page of 25 Ways to Kill a Werewolf. You do not want to put it down! Her language, characters, and plot are intriguing till the finish. I'm always picking up Fox Spirit Books because I know Adele has great taste and this is no exception. 25 Ways to Kill a Werewolf takes on a difficult task: offering us a monster hunter in a an age when our popular culture is rife with them/5.

The way the book is set out is kinda given away by the book title - 25 Ways To Kill A Werewolf therefore 25 different chapters each one a different 'way' (and several intermissions too). As examples Method 1 - With A Stake Method 5 - Parvovirus Method 17 - Nail Gun You get my drift I'm sure.

Jo Thomas, author of 25 Ways to Kill a Werewolf, available now from Fox Spirit Books. Adrian Tchaikovsky, author of the Shadows of the Apt series, available from Tor UK.
