Fortune Telling Playing Cards It's All in the Cards As a teenager, I came across an old fortune-telling magazine that featured a divination method using a regular deck of playing cards. One significant difference between reading the Tarot and reading playing cards is the strong emphasis put on card combinations when reading playing cards. Although the concept applies to the Tarot and is certainly used, the card spreads used and the addition of the Trumps (Major Arcana) makes large numbers of multiples less likely.
