Written in , several years before the first Travis McGee novel, April Evil is classic noir. Set in MacDonald's beloved Florida, it contains a terrific cast of characters drawn by greed. Old Dr. Tomlin is a rich eccentric who never believed in banks, and has amassed a fortune in his home safe/5. April Evil, one of many classic novels from crime writer John D. MacDonald, the beloved author of Cape Fear and the Travis McGee series, is now available as an eBook. Springtime in Reviews:

Just what you'd expect from a John D. Macdonald 'Florida' book. Villains, tramps, drifters, hot babes with pasts, thieves, good guys, double crossers, a caper gone awry, etc. And, of course, the great, descriptive prose that lets you feel the heat and sand, hear the gulls and waves, smell the suntan oil, and get into each character's psyche.
