Based on the long-standing, successful series of 'Masterclass' articles written for International Piano magazine, The Foundations of Technique focuses on the foundations and basic principles of a healthy and reliable movefanatic.coms: 4.

The Preparatory level Lesson and Technique Book provides students with material that is uniquely balanced musically and pedagogically, while providing a perfect introduction to the piano by laying a strong foundation to build upon. Good Points + This is the perfect tutor for those who learnt the piano as a child/young person and has started to play again. No need to rattle through pages of scales and chords in the Hanon, these short 2 bar exercises will bring your technique back/10(3). Whether you are just starting to play, or have played for many years, the key to a great technique is to build a solid foundation. A Course for Beginners as Well as Long-Time Students This course is designed to help you explore and refine your movement patterns at the piano regardless of your current level. The Foundations of Technique is about putting into practice everything that you wish to do at the instrument. This new and innovative approach to technique is for everyone interested in improving their piano playing and teaching.
