Being a hacktivist is about conveying the desired information in an online world. Being a hacktivist is not about hacking into government sites. It is about utilizing your own private passage to make your voice heard secretly. The administration needs you to trust that a hacktivist is digital terrorism; however, that is way off the mark to reality.

How To Become a Hacktivist: Political Activism Through A Digital Domain by N Kumar. I want to thank you and congratulate you for downloading the book, "How to become a Hacktivist". This book contains demonstrated steps and procedures on the most proficient method to wind up a hacktivist, and spread your musings and worries in a mysterious manner. The machine that kills secrets is a powerful cryptographic code that hides the identities of leakers and hacktivists as they spill the private files of government agencies and corporations bringing us into a new age of whistle blowing.

One way of viewing the Internet is as a vast digital library. The World Wide Web alone offers about a billion pages of information, and much of the information is free. Activists may be able to locate legislative documents, official policy statements, analyses and discussions about issues, and other items related to their mission. Mar 23, Activism has always been a large part of history from sit-ins to chaining yourself to a tree. Yet with the changing of times and the advancement of technology, activism had to also evolve in its own way. Hacktivism is a term used when someone hacks into a computer system for political or social reasoning.
