This second edition of Foundations of Strategy is a concise but comprehensive strategic management textbook for both undergraduate-level and graduate-level students. The book covers some of the most fundamental challenges organizations face as they strive to gain and sustain competitive advantage. Strategy is a way of thinking about your business, not a set of procedures or frameworks. To inspire that kind of thinking (and the dialogue that accompanies it), a team of McKinsey consultants developed ten tests to help executives assess their strategies. In this course, we will explore the underlying theory and frameworks that provide the foundations of a successful business strategy and provide the tools you need to understand that strategy: SWOT, Competitor, Environmental, Five Forces, and Capabilities Analyses, as well as Strategy Maps. FOUNDATIONS ATEGY movefanatic.com Introduction and objectives Strategy is about success. This chapter explains what strategy is and why it is important to individuals and organizations in achieving their goals. We will distinguish strategy from planning. success of any strategy. Mission A mission statement should play the same role in your organization that the Holy Grail did in the Crusades. Your mission defines your reason for being, the touchstone against which you evaluate your strategy, activities, and expectations for overcoming the competition. Mar 30, Foundations of Strategy, Second Edition is a concise text aimed at both undergraduate and Masters students. Written in an accessible style with the needs of these students in mind, the second edition of this popular text has a clear, comprehensive approach, underlined by sound theoretical movefanatic.com: Paperback.
